## Convenience

### SmartLock™

Protect young children from harmful programming with V-chip technology based on the Motion Picture Association of America (MPAA) and the network television rating systems.

### Alternate Channel

Keep close tabs on 2 different channels with one-button convenience.

### Sleep Timer

Activate this feature and the TV automatically turns off at a preset time of up to 240 minutes, programmed in 15-minute and 1-hour increments.

### Bilingual Onscreen Display

Control various television features with easy onscreen displays in your choice of English or Spanish.

### Auto Programming

Automatically scans all available channels—from regular antenna or cable—and programs only active broadcast stations into memory.

### Closed Caption

Allows the hearing impaired to read dialogue and narratives (on Closed Caption telecasts) without the use of an external decoding device. Excellent for development of language skills and private viewing without disturbing others.

### Onscreen Volume Bar

When activated, this feature displays an onscreen volume bar for a visual indication of the volume setting.
